

Luxury Bathroom Collection

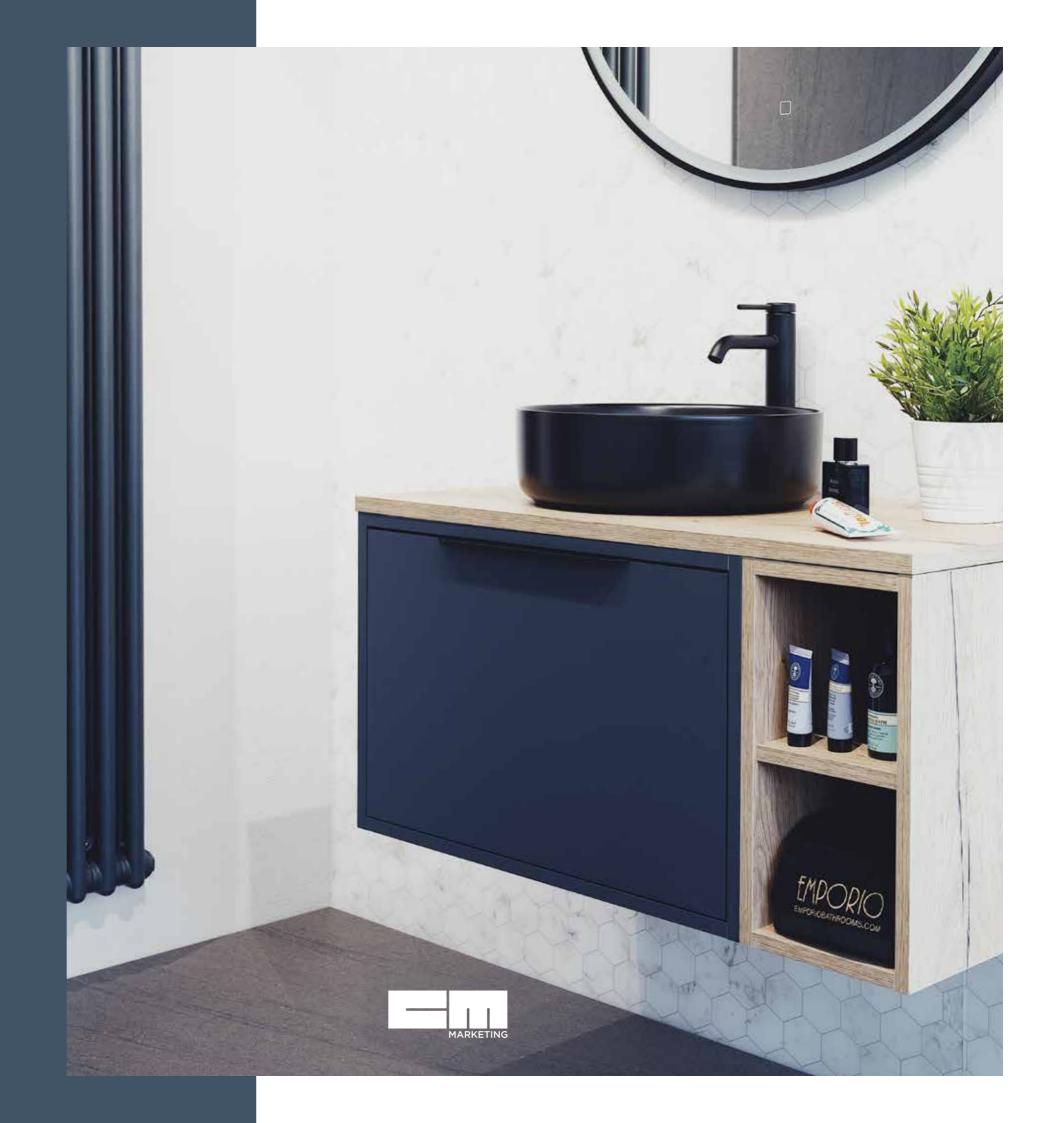

ABOUT US

CM Marketing are a modern and ambitious distributor to the combined bathroom and plumbing trade throughout Ireland, delivering the best possible service to its partners, customers and suppliers alike.

Working in partnership with some of the finest and established manufacturers in the bathroom industry, in addition to new and dynamic companies, we are a leader in bringing the best brand narration for these partners in Ireland. We strive to constantly develop these strengths as a business, to meet the demands of a growing market.

OUR BRANDS

Britton offers a wide range of contemporary modern solutions to suit your bathroom. There is a Britton bathroom for everyone.

Britton brings a wide range of innovative products for the ultimate contemporary bathroom to suit you and your family. Our complete bathroom solutions are packed with clever features and additional benefits. NANO glaze easy-clean finish is included on selected toilet bowls. A comprehensive collection of furniture solutions to suit varying personal design preferences and bathroom sizes. All brassware with ceramic disc operation, all showers with thermostatic control and all of our shower trays manufactured with a strong steel frame.

1

Beautifully traditional, classically styled bathrooms.

Burlington

From the late 1800's into the 1900's, Britain led the way in bathroom design and performance. Our time honoured Burlington and Arcade bathrooms bring a complete collection of traditional products all with modern functionality. These ranges allow you to create a traditional bathroom that can reflect the historical eras of great design across Edwardian, Victorian, Classic, Contemporary or Arcade's unique Belle Époque style.

The latest technology is utilised throughout the Burlington and Arcade product ranges to bring important benefits such as stayclean Nano glaze coating on all WC bowls, ceramic disc options on all brassware and all showers with safe thermostatic operation. Our extensive portfolio is designed to solve all your design challenges with a vast range of models that will suit every plumbing installation.

EMPORIO

Showcasing an exclusive collection of strikingly stylish bathroom furniture, beautiful baths and sleek bathroom radiators, Emporio is guaranteed to add an elegant, modern touch to every bathroom.

Striking the perfect balance between contemporary design and traditional style, Emporio bathroom furniture boasts the best of both worlds. With a range of outstanding bathroom furniture offered within our exclusive UNO and DUO range, our designs are carefully crafted to suit your every need. Available in a range of striking colours, chic finishes and differing configurations, Emporio bathroom furniture is designed to suit a multitude of style preferences.

What's more, offering complete bathroom solutions for every bathroom space, no matter the size, Emporio ensures that even the smallest of spaces can be transformed into stunning suites. With a wide selection of baths and bathroom radiators, Emporio guarantees nothing less than perfection in every detail.

The private wellness company.

Gessi has been designing and manufacturing exclusive bathroom and kitchen fittings and furnishings for over 20 years. Today, the Gessi brand is acknowledged worldwide for its fashionable bathroom designs in all types of living environments, including hotels, spas, yachts and private residences.

With creations ranging from bathroom accessories as faucets, taps, rain shower, shower head to ceramics and even precious bathroom textiles and air fresheners, Gessi has created a new style of living: a "design to be experienced, to be worn and breathed". Gessi's "Made in Italy" bathroom products and accessories are manufactured in harmony with the utmost respect for the environment and the user, creating a new awareness and appreciation of bathroom design, and focusing upon the objects' charm and elegance, as well as their ethical content.

GEBERIT

The classic in modern bathroom installations.

Concealed Cisterns – Geberit concealed cisterns are the classics of modern bathroom installations and have been installed a millions of times around the world for more than 50 years. They are known for their reliability, as every cistern is leak-tested before it is delivered. The 25-year guaranteed spare parts availability provides long-term security. It's therefore exemplary in terms of water consumption and has achieved consistently high scores on the Water Efficiency Label.

Shower Channels – Geberit shower channels of the CleanLine series not only look good but are also easy to clean. Unlike many other conventional shower channels, the open outlet surface ensures that neither dirt nor bacteria is able to accumulate.

Jacuzzi Whirlpool Baths Offer the Most Complete and Versatile Range that Blend Luxury with Wellness to Transform your Bathroom into a Relaxing Haven.

The whirlpool bath is the original invention that began the Jacuzzi world, with over 60 years' experience every model in the whirlpool bath range is designed and engineered to provide superior hydrotherapy and deliver a unique experience.

As the world's leading innovator of whirlpool baths, we are always looking to introduce new ideas and concepts whilst pushing the boundaries of design. The Jacuzzi range also provides the latest, cutting edge innovation including touch technology, remote control features, adjustable jets, gel headrests, and much more to heighten your bathing experience.

Clearwater offers a range of high-quality luxury freestanding baths crafted from either ClearStone or Natural Stone material to perfectly suit your bathroom design and performance requirements.

Every Clearwater bath is individually hand crafted by our skilled specialists and takes over ten hours to finish each one. All are a 1-piece construction which means there are never any unsightly joins.

Whichever material you choose each Clearwater bath arrives in a single protective crate and their own 'pro-bag' to ease positioning and installation.

Each one is individually numbered guaranteeing 100% quality control. For complete peace of mind, all Clearwater baths are backed by a comprehensive 10-year guarantee.

LAUFEN

Transforming the bathroom into a living environment.

The personality of this highly traditional Swiss brand reflects a symbiosis of design, quality and functionality. LAUFEN, the premium brand under the ROCA umbrella, is one of the world's leading manufacturers with a global distribution network.

For LAUFEN, quality has two aspects: manufacturing knowledge and high degree of practical benefit that the finished bathroom affords the customer – which is often not immediately apparent. LAUFEN, a Swiss company manufacturing products that allow water, a precious resource, to be used sparingly, demonstrates in this manner a commitment to preserving natural resources and environmentally-friendly production.

www.laufen.com

BETTE

Bette is a German family-run company. They've been producing premium architectural bathroom components from steel-titanium alloy enamelled with purely natural materials since 1952.

Our thermoforming process allows them to create flowing shapes with extraordinary craftsmanship and precision. Bette products are one-of-a-kind, with a broad range of colours and dimensions to create an inspiring space in every bathroom design.

Our innovations are changing the market. Bette manufactured the very first freestanding, seamless bathtub, was the first provider of a modular bathroom system with bathtub, sink and shower tub made of enamelled titanium-steel alloy, presented the first flush-to-floor shower and developed pioneering systems for consistently perfect installation.

www.my-bette.com

Zamori

The Zamori 35mm high shower tray range is the most extensive available, with over 50 models to choose from to fit the space available in your bathroom.

All trays are manufactured from acrylic sheets and incorporate our patented steel reinforcing frame. This is formed to be the exact shape of each tray and ensures rigidity for a lifetime of use. The trays are flat on the undersurface; this makes installation and levelling very easy.

One of the amazing qualities of silver is that is has inherent antimicrobial properties – Zamori has added the silver-based antibacterial additive Zeomic into the manufactoring process. The antimicrobial qualities protect against harmful bacteria and suppresses mould growth.

BRITTON BATHROOMS

Britton offers a wide range of contemporary modern solutions to suit your bathroom. There is a Britton bathroom for everyone.

Britton brings a wide range of innovative products for the ultimate contemporary bathroom to suit you and your family. Our complete bathroom solutions are packed with clever features and additional benefits.

NANO glaze easy-clean finish is included on selected toilet bowls. A comprehensive collection of furniture solutions to suit varying personal design preferences and bathroom sizes.

All brassware with ceramic disc operation, all showers with thermostatic control and all of our shower trays manufactured with a strong steel frame.

New for 2021, Britton is now introducing two new ceramics ranges Trim and Curve2. Contemporary collections offering both design and function for your space. There is a Britton product that will fit perfectly in every bathroom.

FURNITURE

BRITTON - FURNITURE

SHOREDITCH

UNITS

Introducing the Shoreditch furniture collection. Choose from 4 colours, basin style, and handle options to suit your bathroom.

Choose from three contemporary yet timeless Matt colours; an elegant White, sophisticated Grey or a deep, indulgent Blue. Alternatively, select a beautiful, Caramel Walnut effect. Whichever you choose, you'll make a real statement in your bathroom that not only is on trend but set to stand the test of time.

WORKTOPS

Should you choose the countertop configuration, we have a range of four Minerva® worktops to offer further customisation. Whether you choose Carrara White, Ice Blue, Concrete Haze or White, you can be sure of superior quality and strength. Unlike marble or granite, Minerva® worktops are not porous, resisting most household chemicals whilst being exceptionally easy to keep clean and maintain.

BASIN

Create a combination completely unique to your personal preferences with a choice of two integrated basins; Note, which features a gentle, angled internal shape or Origin, a softer, round shape. Alternatively, pair your Shoreditch unit with a choice of two countertop basins, Quad or Yacht and a worktop for a contemporary, luxurious aesthetic with the added benefit of additional worktop space for your everyday essentials.

HANDLE OPTIONS

Your Shoreditch unit comes with Chrome handles as standard. Upgrade your selection to Brushed Brass or Matt Black to correspond beautifully with your chosen Hoxton brassware and accessories for a consistent, contemporary look.

SOLID CONSTRUCTION

Shoreditch furniture has been meticulously designed specifically for the bathroom environment and fully assembled in our factory to ensure easy, quick installation and robust construction. Each unit is manufactured in high quality 16mm medium density fibre board, sourced from sustainable forests and finished with industry-leading foil wraps and all joins secured with PUR glue, increasing water resistance and guaranteeing superior strength, so you can be sure your bathroom will continue to perform and maintain its look for years to come.

Contemporary Bathroom Solutions - Britton Bathrooms bring a wide range of innovative products for the ultimate contemporary bathroom to suit you and your family.

With a timeless, elegant appeal, our products have been designed to offer contemporary styled bathrooms for all of your needs.

NONOGLAZE ceramic that stays cleaner

Selected WCs feature a unique stay-clean NANO Glaze coating, creating an ultra-smooth surface, six times smoother than standard ceramic.

Soft-close & quick release seats All of our seats match our Britton toilets and are soft-close for quieter operation and quick release for easier cleaning.

Rimless toilet design Our Curve2, Sphere and Shoreditch WC ranges have a rimless design, ensuring your toilet is super simple to clean and maintain.

Burlington®

REJUVENATION, PAMPERING, RELAXATION

From the late 1800's into the 1900's, Britain led the way in bathroom design and performance. Our time honoured Burlington and Arcade bathrooms bring a complete collection of traditional products all with modern functionality. These ranges allow you to create a traditional bathroom that can reflect the historical eras of great design across Edwardian, Victorian, Classic, Contemporary or Arcade's unique Belle Époque style.

The latest technology is utilised throughout the Burlington and Arcade product ranges to bring important benefits such as stay- clean Nano glaze coating on all WC bowls, ceramic disc options on all brassware and all showers with safe thermostatic operation.

Our extensive portfolio is designed to solve all your design challenges with a vast range of models that will suit every plumbing installation. Bathroom furniture, that provides many storage solutions, can complete the look you want and is available in four finishes.

Whatever you choose you can be sure Burlington and Arcade products will work perfectly together.

Your bathroom space should be one in which you feel completely at home, a space that reflects your unique personality and individual tastes. It's a space for rejuvenation, pampering, relaxation as well as an environment for the necessities of a daily routine.

You may already have an idea of the style of bathroom you're looking to create or you may need further guidance to help you configure your ideal traditional bathroom. The following pages in this brochure have been designed to help inspire with some of our suggested product pairings. Or you may spot something you can mix and match with product on subsequent pages. However you configure your beautifully traditional bathroom, we're sure you'll find just what you're looking for from Burlington and Arcade bathrooms.

Burlington

Our furniture solutions are made from the finest materials and offer innovative features and smart details that not only make them suitable for the bathroom environment but built to last with a 10 year guarantee.

FULLY FITTED FURNITURE

Unlike conventional fitted furniture, our units offer full floor to height storage providing increased space for all your bathroom cosmetics and accessories.

CHOICE OF COLOUR

Four stunning and serene colourways across our entire range which can be carried through the bath panels and WC seats for a consistent and seamless look.

MINERVA BASINS & WORKTOPS

Minerva basins fit perfectly with your chosen furniture unit. Should you opt for a fitted furniture look, a Minerva worktop can be chosen to fit the length of your furniture units.

5 LAYERS OF PAINT

Each of our furniture pieces are prepared with 5 layers of primer featuring UV stabilisation to minimise colour fading from exposure to sunlight. The painted top coat is then applied for a glorious depth of colour.

PAINT YOUR OWN

Should you wish, our Matt White furniture is supplied ready for you to paint, so you can transform your entire bathroom into your individual colour scheme. We've chosen some Farrow & Ball colours as suggestions displayed below. We recommend using a water based primer before an egg shell paint finish for the best effect.

ROUTINE CLEANING

Minerva® does not require any specialist cleaning regimes, most dirt and light residue will easily wipe off with a damp cloth and soapy water. The work surface should then be rinsed with clean water and wiped dry. Persistent marks can be removed by using a mild abrasive cleaner, but harsh scouring powders should be avoided.

STAINING

Minerva®, unlike marble and granite, is chemicals including alcohol and cosmetics, however, some chemicals and strong dyes can cause damage and discolouration If spillage occurs, wipe off immediately and rinse the area thoroughly.

TAP HOLES

Minerva® worktops are supplied with an integrated bowl with overflow, and no tap holes. Tap holes are drilled by the installer in the required position and configuration. A template is provided with the Minerva® tops indicating tap hole positions and sizes.

MINOR SCRATCHING

evident on darker colours. Any minor scratches can be removed using a woven abrasive pad and other items in the care kit.

MINERVA® CARE KIT

To restore your Minerva® work top to its original best use the Care Kit to buff out all tiny scratches and scuffs. The kit contains all the sanding / buffing materials and liquids required.

CRAFTED SPECIFICALLY FOR BATHROOMS

The plinths of the free-standing furniture are crafted from a waterproof high density material - providing extra protection and giving peace of mind that wet floors will not lead to damage.

ONE, TWO, OR THREE TAP HOLES

€748.00

Select the brassware look you prefer with a choice of 1, 2 or 3 tap hole basins. Simply add 1TH, 2TH or 3TH to the end of your desired basin code.

Classic basins feature a unique stay-clean NANO Glaze coating, creating an ultrasmooth surface, six times smoother than standard ceramic.

* The Classic 650mm round basin is available with one, two or three tap holes. To order the correct basin configuration simply replace ** with 1TH, 2TH or 3TH. * The Classic 650mm rectangular basin is available with one, two or three tap holes. To order the correct basin configuration simply replace ** with 1TH, 2TH or 3TH. ** Classic 510mm basin only available in 1TH or 2TH configuration

Burlington®

BURLINGTON & ARCADE WCs

The widest range of traditional WC options to suit your installation and match the exact look you want.

Now with alternative finish options of Gold and Nickel flush pipes.

LOW LEVEL MEDIUM LEVEL HIGH LEVEL

BACK CLOSE TO WALL COUPLED

WALL HUNG

RIMLESS WCs

Burlington bathrooms are the first traditional bathroom provider to introduce rimless technology to traditionally styled WCs. With the removal of the standard WC rim, this WC choice is exceptionally easy to keep clean. Its powerful flush covers the entire ceramic bowl, making it the most hygenic option.

Available with both standard and slimline cisterns for standard height close-coupled WCs.

Ē

NONOGLAZE

All WCs have a unique stay-clean NANO Glaze coating, creating an ultra-smooth surface, six times smoother than standard ceramic.

All Burlington close-coupled WCs are supplied with dual flush WRAS fittings.

All Burlington WC fittings are factory set at 3L and 6L flush. They can be adjusted on site to flush at 2½L and 4½L.

CISTERN LEVERS

Available with all Burlington Close-coupled, Low and Mid level WCs. Choose between the classic ceramic flush lever or our black cistern levers which add the perfect finishing touch and work beautifully with our other Black options across WC seats, aluminium high leven cisterns and other points in your bathroom such as brassware and even bath feet.

Lever

- 52cm Cistern (C1)
- 44cm Cistern (C3)

- To add a Black lever please add **BLA** to the end of the cistern code and add €36

NONOGLAZE

A cleaner toilet, by design and with NANO Glaze.

We believe that the toilet bowl should still remain as clean as possible even with reduced flushing water and therefore engineer our toilet bowls to maintain the correct water area as previous British Standards and by coating the toilet bowl with NANO Glaze to make them exceptionally easy to keep clean.

Burlington SEATS

Our choice of seats includes standard oak or mahogany, white carbamide (also available in a soft-close option), or soft-close seats in a range of colours to match your furniture choice, black to pair with black cistern lever options.

Burlington® BRASSWARE

Burlington brassware can be customised with a choice of 2 tap heads; Claremont and Kensington.

In addition, Burlington is the first British Traditional designed range that enables water savings despite varying water pressures.

We supply every tap with two Neoperl devices: A flow straightener, which is for use with low water pressures and an aerator, which is for use with high water pressures. Now available in Gold and Nickel finishes in selected products.

CLAREMONT

Gold and Nickel now available in Claremont -See Pages 88-89

KENSINGTON

Add KE to start of code.

Each of the tap heads are available with Black ceramic indices as opposed to White. Simply add BLA to your brassware code.

NORMAL SPOUT

The underside of a bath spout of a normal, traditional bath tap.

BURLINGTON SPOUT

The underside of a Burlington bath tap with a Neoperl aerator.

NORMAL TAP

Water flow in a normal traditional tap.

SWIVELLINNG SPOUTS

All our bath fillers and bath shower mixer spouts swivel - so you don't have the spout in your way when you shower.

LOW PRESSURE

Low pressure water flow with a Burlington tap using a flow straightener.

ANGLED

MIXERS

All our bath fillers and bath shower mixers are available in an 'angled' version.

HIGH PRESSURE

High pressure water flow with a Burlington tap using an aerator.

S ADJUSTER

The S adjuster allows the telephone handset to be positioned over the bath. The bath shower mixer can be installed with or without the 'S adjuster'.

Basin taps: 13L per minute Bath tap: 14L per minute Bath shower mixer: 22L per minute

BRIDGE **MIXERS**

Our bridge basin mixer has a swivelling spout and allows you to have mixed hot & cold water, whilst using a two taphole configuration.

TAVISTOCK

DESIGN, CREATE, INSPIRE

All Tavistock products are designed at our offices in the beautiful spa city of Bath. From here we control every stage of the product life cycle.

We're not just about bathroom furniture - we offer a one stop shop as our extensive range of product also includes sanitaryware, taps and showers. For those finishing touches we've got a great choice of mirrors, cabinets, toilet seats and bath panels.

Perfect for an instant bathroom revamp.

Our highly experienced team of researchers, developers and technical experts are constantly monitoring new trends and rigorously testing advancements in technology.

With Tavistock, you can count on the highest levels of service and reliability,

but what makes us special is our in-house design team. Excellent design is of the utmost importance to us, so we design all of our products in-house to ensure our perspective remains fresh and innovative.

We source outstanding quality materials and craftsmanship so that every Tavistock product not only looks good but fulfils its purpose, time after time.

With extensive guarantees across our entire range, you can choose every Tavistock product with complete confidence.

DESIGN, AHEAD OF ITS TIME

Bathrooms have evolved from being a merely a functional space and we are constantly monitoring new trends and rigorously test advancements in technology to ensure we produce bathrooms which stand the test of time.

TAVISTOCK 11

CADENCE

Sophistication made simple. A clean and refreshingly uncomplicated design, Cadence's angular form perfectly captures understated style. Choose from an extensive collection that includes six sizes in four finishes with a host of handle choices and in-drawer lighting & storage options.

FURNITURE

Years of experience and an understanding of exemplary design informs our furniture designs, and our Cadence collection is no exception. Precise and restrained, this refined unit brings an understated silhouette to our furniture collection which is ideal for the modern home. Available in freestanding and wall hung variations, this versatile design lends a sophisticated edge to your bathroom space. Six size options give flexibility and choice, from a compact cloakroom unit to a statement 'his and hers' double vanity. Available in four of-the-moment colours in gloss, matt, and textured finishes.

BASINS

Your choice of basin design will further enhance the styling of your Cadence unit. Whether you opt for a ceramic or Isocast basin, all are crafted from durable, timeless materials.

Perfectly proportioned and designed to sit beautifully in your basin unit, our ceramic basin options are available in 450, 500, 600 and 800 sizes. Expertly cast from ceramic, this polished material lends enduring style to your bathroom.

A clean, durable and contemporary alternative to a ceramic basin our Isocast basins offer a sleek, streamlined surface and a generous wash space. Available in 500, 600, 800 and 1200 widths, Isocast enables the creation of basins with a defined, precise profile.

10 YEAR **GUARANTEE**

All Tavistock furniture is made from the very best quality materials and manufacturing techniques, and such is our confidence that we can offer a 10 year quarantee on all furniture units.

OVERFLOW TRIMS

Black or White overflow trims are also available to complete your Cadence basins. Chrome trims provided as standard.

HANDLES

Individual touches, allow you to create a layered bathroom scheme unique to your home.

Our extensive collection of handles and knobs gives you plenty of choice to complement your furniture unit. For a discreet integrated option, opt for a sleek draw-top handle.

A refined matt black handle or modest round chrome pull can add texture and interest to even the simplest of fascia. Clean and contemporary, each of our hardware options combine style with a satisfying grip.

LIGHTING

Our strong focus on practical design means that we aim to create products that make daily life that little bit better.

Clever and innovative, each of our units come with the option of convenient in-drawer lighting* - Touch activated, these discreet lighting kits are ideal for illuminating dimly lit and darker corners of your unit, ensuing all your bathroom essentials are visible and easily within reach.

*excluding the cloakroom unit

Cadence Lighting Kit Inc. IP44 Switch

Lighting kits are supplied with a hidden touch sensor that can be installed on either the left or right, inside the furniture unit.

^{*}Storage boxes are made from real wood so the grain colour will naturally vary.

COMPASS

BASIN UNITS

The Compass range features compact 500mm units ideal for smaller bathrooms, 600mm as freestanding or wall mounted basin units. There is also a very practical 600mm 2 drawer freestanding basin unit option. Available in a choice of 3 contemporary finishes: gloss white, light grey or clay. It features a deep ceramic basin giving generous wash space. Fully extending drawer runners make it easy to access to all your bits & bobs.

SOFT CLOSE DOORS

Compass doors are fitted with soft close mechanisms to give controlled and quiet closure.

10 YEAR GUARANTEE

All Tavistock furniture is made from the very best quality materials and manufacturing techniques, and such is our confidence that we can offer a 10 year guarantee on all furniture units.

HANDLE OPTIONS

Forum units come with colour matched handles included in the price. Alternatively you can choose the chrome handle option to suit your unit size at an additional cost.

Chrome

500mm FR50HC €27.17 600mm FR60HC €37.47

BASIN UNITS

Forum wall mounted drawer units are a space efficient 420mm deep and include a coordinating colour matched handle. Available in three sizes and two modern painted finishes of clay, white and light grey and featuring soft close drawers with an internal LED light.

FORUM

The internal glass dividers can be adjusted to suit a number of configurations which, along with non-slip mat and fully extending drawer runners, make for very practical storage.

Forum's thin edged ceramic basin has a deep generous wash space and a single tap hole.

10 YEAR GUARANTEE

All Tavistock furniture is made from the very best quality materials and manufacturing techniques. Such is our confidence that we can offer a 10 year guarantee on all furniture units.

VITORIA

Bring a touch of classic design to your bathroom with Vitoria. The elegant, timeless styling is the perfect bathroom solution for a period home.

BASIN UNITS

The traditional lines of Vitoria basin units create the perfect look for a period bathroom. Choose the freestanding unit with 1 or 2 tap hole ceramic basin or, for a more traditional style, opt for the underslung basin unit. The hand painted finish in muted tones adds to the classic feel.

CLOAKROOM UNIT

A 500mm wide slim depth basin unit is also available, ideal for the cloakroom. Team with a coordinating Vitoria WC to complete the look.

10 YEAR GUARANTEE

All Tavistock furniture is made from the very best quality materials and manufacturing techniques. Such is our confidence that we can offer a 10 year guarantee on all furniture units.

CHOOSING YOUR BASIN & WC

Clean lines, sleek surfaces, forward looking design. That's what you get with our collection of basins and WCs. Whatever your personal style, you'll find something to inspire you - from standard basin, pedestal and WC formats in a range of styles and sizes, to back to wall WCs and semi-countertop basin options, suitable for use with bathroom furniture.

WC OPTIONS

We have a variety of WC options available and are sure to have the perfect solution for your new bathroom. Close coupled WCs are a conventional style toilet where the cistern sits on top of the pan.

COMFORT OPTIONS

We offer a range of comfort height solutions too. Sitting several centimetres taller than standard WCs they are perfect for taller, less able or elderly users. Our Aerial range also features an extra wide seat, offering total comfort for the user.

BACK TO WALL WCs

For a space saving, minimal, contemporary look choose a back to wall WC, where the cistern is concealed either in a furniture unit or behind a wall.

WALL HUNG WCs

For a clean, clutter-free look opt for a wall hung WC which being lifted off the floor gives the illusion of more space in a smaller bathroom. If considering a wall hung WC you will also need to purchase a suitable WC frame to support it.

TRADITIONAL WCs

If you want to achieve a traditional look go for our timeless Lansdown range or our Vitoria range which also includes high and low level WCs.

BASIN OPTIONS

Our basins come in a range of sizes of both contemporary and classic styles to suit your needs. We have basins suitable for use with or without a pedestal. Our collection also includes semi-countertop basins perfect for fitted furniture and cloakroom options.

MAKE LIFE A LITTLE EASIER

Our WCs are designed with convenience in mind. Rimless technology makes our WCs easy to clean and means that germs have nowhere to hide as water is projected around the bowl, ensuing it is completely clean.

ANTI-BACTERIAL PROTECTION

An environmentally friendly built-in additive provides a hygienic finish to our Aerial toilet seat which also protects against bacteria, fungi and microbes.

QUICK RELEASE HINGES

Easy to operate quick release hinges are featured on some toilet seats, allowing the seat to be lifted away easily, leaving clear access to clean hard to reach surfaces. Available as standard with all our WC ranges.

THE TALLER OPTION

Comfort height close coupled WCs sit several centimetres taller than standard WCs, ideal for taller, less able or elderly users. The extra height of the pan helps keep knees at a more comfortable angle in use as well.

PEACE OF MIND

All our products are guaranteed against defective workmanship or materials. Such is our confidence in the quality of our basins and WCs we offer a 20 year guarantee, excluding cistern fittings which have a 5 year guarantee.

Our toilet seats also benefit from a 5 year guarantee, with the exception of the Vitoria solid oak seat which comes with a 2 year guarantee.

TAVISTOCK - SANITARY WARE COLLECTION

ORBIT

The contemporary smooth, rounded styling of Orbit is bound to pull you in.

A hygienic rimless WC design with Easi-clean technology adds to its stellar appeal.

WCs

The Orbit fully enclosed close coupled WC is sure to become a design classic, with its rounded contemporary styling. Also available in back to wall or wall hung versions, they all feature Easi-clean rimless technology which makes it exceptionally hygienic and easy to clean. The short projection designs make Orbit a great choice where space is tight.

SOFT CLOSE WC SEATS

Orbit WCs have a low profile high quality thermoset wrap over seat fitted with a soft close mechanism with top fix hinges for easy removal and cleaning.

EASI-CLEAN

Blow the lid on germs with our new rimless technology. The rimless design makes it exceptionally hygienic and easy to clean, a simple wipe of the rim means there is nowhere germs can hide.

Water is projected around the bowl to reach every part and ensure it is completely clean.

LANSDOWN

Elegantly timeless design means
Lansdown sanitaryware can work
equally well with both classic or
more contemporary bathroom
plans, and perfectly complements
Lansdown furniture.

BASIN UNITS

Lansdown semi-countertop basins offer a classic styling choice for your furniture, available with one or two tap holes to suit your preference of contemporary or classic design. Supplied with grate and conventional overflow trims.

SHORT PROJECTION, RIMLESS WC

Designed for UK bathrooms,
Lansdown WC options have a
space-saving, short projection
design. The timeless styling will
work well with both classic or
more contemporary bathrooms.
Easi-Clean rimless technology
makes them exceptionally hygienic
and easy to clean, whilst close coupled
WC's feature Air Gap technology.

SOFT CLOSE WC SEAT

The Lansdown thermoset WC seat has soft close hinges with a quick release button for ease of cleaning.

VITORIA

Introducing the elegant and timeless styling of Vitoria sanitaryware.

The perfect bathroom solution for a period home.

WCs

You have the option of high level, low level, close coupled or back to wall WCs. High and low level WCs feature chrome plated brass downpipes. Low level and close coupled WCs have full flush and reduced flush operation (6/4L) with a ceramic cistern handle. The high level WC has ornate brackets and a 6L flush.

WASH BASINS

Vitoria basins are available in both round and square configurations, with one tap hole or 2 tap holes to suit the style of your bathroom, both with chrome overflow cover and coordinating pedestal. A 2 tap hole cloakroom basin is also available. All 2 tap hole basins have provision for a chain stay waste. Choose the chrome washstand for a classic feel.

SOFT CLOSE WC SEATS

Wooden soft close seats incorporate a chrome plated bar hinge featuring top and underfix options with adjustable fitting. The natural oak seat is solid oak. Alternatively choose painted gloss white or a finish to coordinate with your Vitoria or Lansdown furniture.

CHOOSING THE RIGHT TAP FOR YOU

Taps are no longer just a minor detail, they're the finishing touch.

The right tap choice must combine the two key ingredients of design and functionality, and with this in mind we have designed a collection of taps which delivers both. There is something to suit all bathroom styles, from sleekly contemporary to charmingly traditional.

We have a variety of taps and styles depending on your bathroom requirements.

BASIN MIXERS & MINI MIXERS

Both contemporary and classic styles are available, with ceramic cartridge technology to give smooth, easy to use action and accurate flow control. For smaller basins or cloakroom furniture opt for a mini mixer to keep things in proportion. For an ultra-contemporary look, go for one of our stylish matt black basin mixers.

BASIN TAPS

Our classically styled tap ranges also offer basin taps, for separate control of hot and cold water.

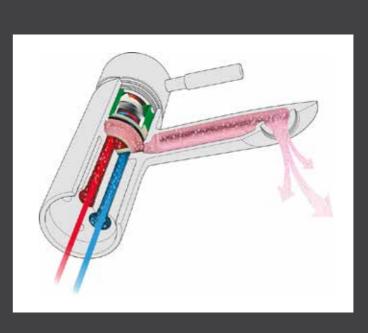

BATH FILLER, BATH SHOWER MIXER

Fill your bath with a deck-mounted bath filler in a contemporary or classic design and mix hot and cold water from a single spout. Alternatively upgrade to a bath shower mixer. The shower handset is really useful for washing hair or cleaning the bath.

CERAMIC DISC TECHNOLOGY

All of our taps are built to the highest technical specification, including the internal components. With a smooth and easy to use action, the ceramic discs in our basin mixers and bath fillers mean that a simple lift of the handle for basin mixers and a quarter turn for bath fillers takes the tap from completely off to fully on. So practical, and incredibly durable even after years of use.

TAP OPERATING PRESSURE

Plumbing systems can sometimes suffer from poor flow rates. The UK is unique in that many homes are still using the more traditional, low pressure gravity fed plumbing systems commonly found in older properties.

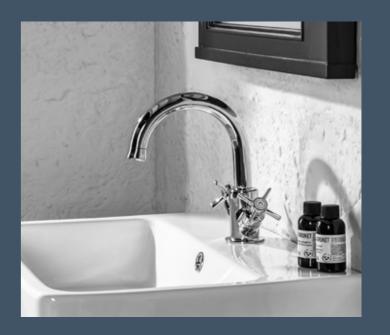

Some manufacturers tend to design taps suitable for modern plumbing systems which can often cause disappointing flow rate when using the taps in UK homes. Tavistock's inhouse design team have recognised this problem and engineered our taps for use with both high and low pressure systems. Most of our taps operate at 0.1bar or above.

If you are unsure, we recommend you seek advice from your plumber who will advise you on the plumbing system you have and the likely water pressures it can achieve. If pressures are too low even for our low pressure taps, you will be able to increase your water pressure using a suitable water pump, your retailer or plumber can advise you on this. Please note that all of our taps are also suitable for high pressure plumbing systems.

PEACE OF MIND

All our products are guranteed against defective workmanship or materials. Our taps are manufactured in a closely controlled environment with extensive quality control tests carried out. It is this attention to detail that allows us to offer offer a 10 year guarantee (including cartridge) with all of our taps.

230(w) x 252(h) x 200(d)mm Code: TVA42 €374.72

TAVISTOCK SHOWER SYSTEMS

Our shower collection simplifies the buying process for you by offering complete shower systems for a ready-to-install solution. They cover a wide range of styles from classic to contemporary and round to square design. We have a choice of valve options, depending on your bathroom styling and the number of showering functions you need.

Choose from our collection of concealed, exposed or bar shower valves. We have a variety of single function (operating a single shower component only, such as a shower handset) or dual function valves (operating two shower components, such as a shower handset and an overhead shower head).

CONCEALED VALVES

If you prefer a sleek, clean look then opt for a concealed shower valve, with the valve hidden in the wall and a cover plate. This has the added benefit of flexible plumbing enabling you to position the valve away from the shower flow, so you can turn the shower on without getting wet until you want to. Classic and contemporary styles are available.

EXPOSED VALVES

An exposed shower valve offers a simple installation solution as the valve showcases all working parts. Perfect for a traditional period style bathroom, making it just the right finishing touch.

BAR VALVES

Our contemporary bar valves are easy to install, with all of the components mounted on the wall. Some of our bar valve shower system options are also available with a useful integrated shelf, a handy spot for your shower gel and shampoo. Look out for the 'Cool Touch' options, designed to stay cool to the touch during use.

PUSH BUTTON VALVE

Our ergonomic valve design provides instant on/off activation for a seamless showering experience. This innovative design allows you to easily control water flow and three luxurious spray settings, all at the touch of a button with a central temperature dial for convenience. All of our push button shower valves are easy to install and can be completely removed to be serviced, without damage to the wall or the need to re-tile.

SAFE SHOWERING

Our shower systems feature anti-scald thermostatic control, which ensures that your preferred water temperature is maintained without risk of unexpected temperature changes due to water usage elsewhere in the household.

Tavistock shower systems also benefit from automatic shutdown should the cold water pressure suddenly fail, guaranteeing you a safe showering experience.

PEACE OF MIND

All our products are guranteed against defective workmanship or materials. Such is our confidence in the quality of our shower systems that we offer a 10 year guarantee, which includes the thermostatic cartridge. How's that for assurance?

AXIOM

Our most intuitive system yet, Axiom combines a sleek, concealed design with ergonomic push-button control that provides instant on-off activation. A central dial provides precise temperature control, while the thermostatic valve prevents scalding to ensure a safe shower for the whole family.

All Axiom shower systems benefit from the following features:

- Available in single and dual function options to best suit your requirements
- Push-button control for convenient on/off activation
- Axiom valve can be mounted vertically or horizontally and can be easily removed and serviced even after tiling, allowing for ease of installation and maintenance
- 10 year guarantee, includes thermostatic cartridge

Gessi bathroom products enjoy an extraordinary client base of architects, interior designers, and lifestyle enthusiasts... outgoing, creative, dynamic, and innovative individuals, who like to think outside the box inventing the future.

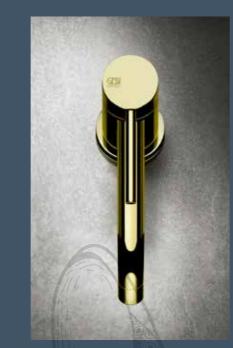

With these individuals in mind, Gessi has dedicated itself to offering new living concepts with the widest assortment of products imaginable, in a vast range of styles, models and application solutions allowing for unlimited freedom in designing interiors. New and unpredictable elements, as well as special aesthetic and technological product features create living spaces where everyday activities take on new and extraordinary values.

Gessi believes in innovation as a means of fulfilling dreams and anticipating needs.

Not limiting itself to the invention of new stylistic solutions for luxury bathroom suites and well-being, Gessi stresses on respecting the environment, with new technologies, new production processes and new materials.

Gessi projects spring from creative freedom and a passion for objects liberated from prescribed and encoded functions and reinvented for new uses: empathetic, friendly and enjoyable bathroom objects.

Objects that improve people's lives.

GEBERIT GEBERIT - BATH DRAINS

(Jacvzzi.)

LEGENDARY BATHING

Time spent in one of our baths is the culmination of a pioneering history, unrestrained design ambition and the desire to bring you an experience that you've never had before... and will want to soak up day after day.

Jacuzzi® has always stood for style and substance, never one above the other. We never sacrifice our market leading technology for the sake of form, and we never value functionality over flair so that you end up with a bath that just doesn't capture the imagination.

By incorporating our hydrotherapy technology into exquisitely designed whirlpool baths, we are able to give you a massage experience in a setting that has true distinction. Combine all this with the perfect water temperature and our baths deliver an optimum experience that makes you and your home, look and feel amazing.

With our whirlpool baths you get to take that Jacuzzi® feeling with you long after the immersion. The sense of confidence, stimulation and reinvigoration will stay with you and boost your sense of wellbeing for hours to come.

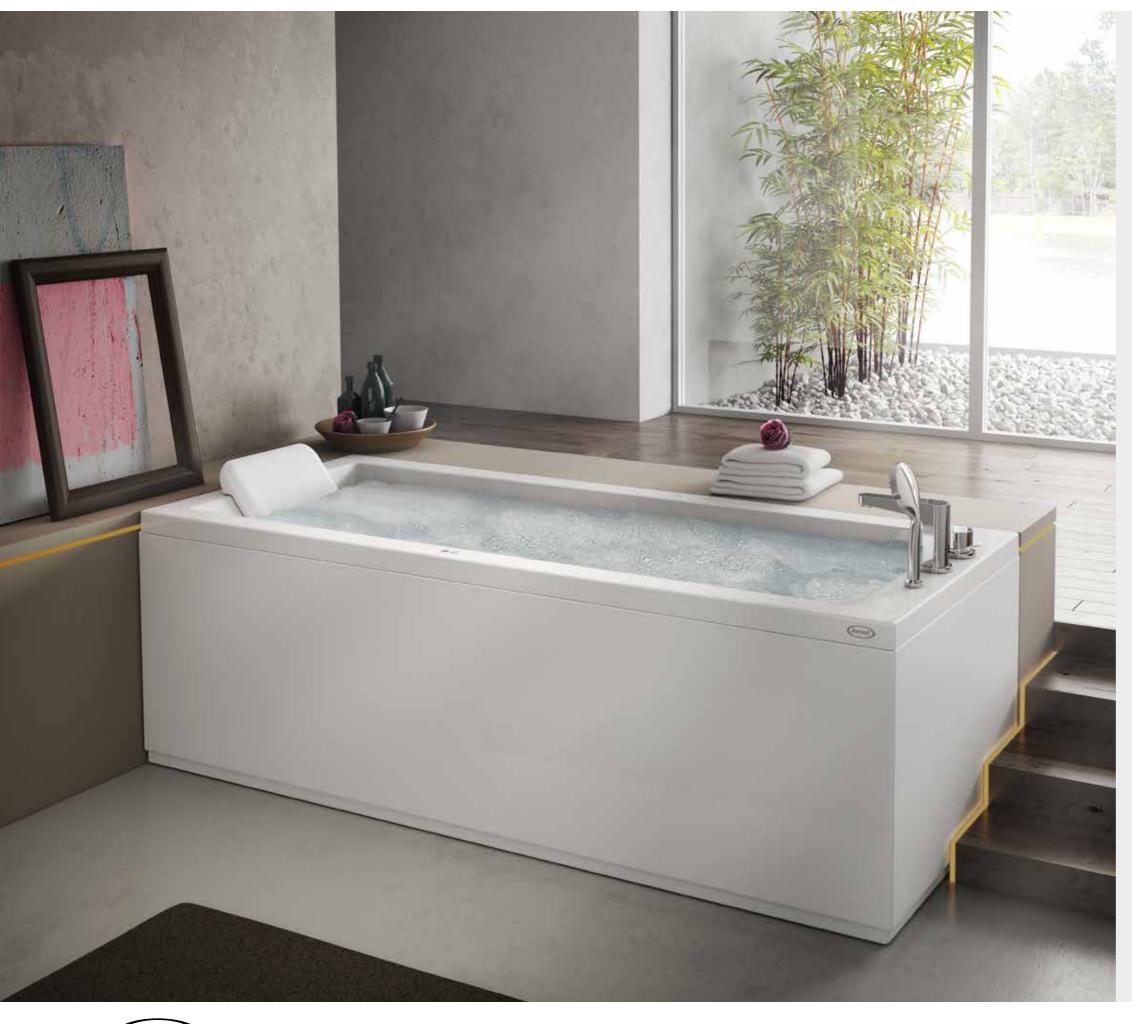

Every time you bathe you will be a motivation to stand taller, smile wider and be completely in-tune with the world around you. You'll sleep better, feel less stressed and be more supple thanks to the enhanced blood circulation you'll receive from our patented Jacuzzi® jets.

The restorative properties of bathing have long been held aloft in the finest spas and sanctuaries around the globe. Jacuzzi® has harnessed these benefits and used our innovative jets to give you intensity and power – where you need it the most – at the touch of a button.

When people talk about the radiance that others exude, this is what they mean. Hydrotherapy is the ultimate enhancer of our bodies and always helps you feel full of boundless energy.

Pioneers & innovators of whirlpool baths for over 60 years

ENERGY DESIGNED by EMO

Your soothing introduction to Jacuzzi® hydrotherapy.

Energy is the ideal choice for anyone looking for a high-quality whirlpool bath at an attractive price. It's contemporary design and simple controls effortlessly transform any bathroom setting.

Easy to use touch controls

Full body hydro massage jets

CLEARSTONE INTRODUCTION

Clearwater offers 22 ClearStone baths all handcrafted from a unique natural stone resin and aluminium compound mix within an extremely durable moulded gel coat.

This proprietary ClearStone mix offers the following benefits:

- Extremely hard wearing and durable to stay looking better for longer.
- Superior thermal performance keeping the water warmer for longer.
- Thinner and softer profiles allow our design team to create a more extensive range offering a wider consumer choice.
- Increased fire retardancy and smoke represent qualities for complete peace of mind.
- Baths, that on average, are around 30% lighter than natural stone making installation easier.
- High resistance to ultraviolet light, minimising colour fading or yellowing.

LAUFEN SHOWER TRAYS

Filigree lines and a fine surface structure define the new LAUFEN Pro shower trays. The clean design by Peter Wirz complements the contemporary bathroom.

Marbond, the unique material developed by LAUFEN, combines design freedom with a natural touch.

Shower tray, square, drain at side, Marbond

Shower tray, rectangular, drain at short side, Marbond

Shower tray, rectangular, drain at long side, Marbond

What is Marbond?

Marbond is a unique material developed by LAUFEN, consisting of two layers, which are firmly bonded to one another. The basis is provided by a mineral cast whose surface is refined with high quality gel coat finish.

Thanks to the material composition, LAUFEN Marbond products are durable and stable, chemical and thermal shock resistant according to DIN EN 14527 and can be easily repaired with LAUFEN repair kit 299965.

Surface Texture

The fine surface texture has a pleasant and warm natural touch.

LAUFEN - SHOWER TRAYS

High Drain Performance

High drain performance of 37.21/min. The stainless steel siphon cover matches the colour of the shower tray.

Colour

Pro shower trays are available in: Matt White (.000) Light Grey (.077) Anthracite (.078)

Hygienic & Safe

Marbond shower trays are hygienic, easy to clean and prevent slipping (DIN 51097, Class C – highest antislip-class).

ZAMORI SHOWER TRAYS

The Zamori 35mm high shower tray range is the most extensive available, with over 50 models to choose from to fit the space available in your bathroom.

OPTION ONE

Placed flat on the floor

The thin Zamori trays are only 35mm high which gives a modern, min<u>imalist</u> appearance to even the effective installation method.

OPTION TWO

Sunk into the floor

The low 35mm height allows the tray to be sunk into the floor so that the upper surface is level with the floor. The framed rim still allows water escape, especially when combined with the self cleaning Vortex high flow shower waste, which clears up to 30 litres of water per minute.

ANTI-SLIP

Zamori anti-slip is simply the finest available. Our anti-slip trays comply with DIN51097 class C - the highest anti-slip rating.

We are the only manufacturer to thermo bond the Swiss Grip Antislip onto the tray with a curing process - to ensure better performance for a cleaner and longer lasting surface.

DIN51097 class C anti-slip ramp test

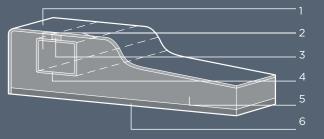

REINFORCED TRAYS

All our trays are manufactured from acrylic sheets and incorporate our patented steel reinforcing frame. This is formed to be the exact shape of each tray and ensures rigidity for a lifetime of use. The trays are flat on the undersurface; this makes installation and levelling very easy.

- 1 Acrylic capped ABS layer

- 2 Bonding layer3 Thickness control pad4 Steel frame structure
- 5 PU Foam

ANTI-BACTERIAL

All Zamori shower trays are impregnated with an anti-bacterial zeomic agent.

One of the amazing qualities of silver is that is has inherent anti-microbial properties - Zamori has added the silver-based anti bacterial additive Zeomic into the manufactoring process. The anti microbial qualities protect against harmful bacteria and suppresses mould growth.

- The silver ions from Zeomic impregnate the microbe surface and are then absorbed by the cells through active transfer.
- 2) The silver ions react with several metabolic enzymes within the metabolic system of the microbes.
- 3) The activity of these enzymes is hindered and the growth of microbes is inhibited.

VORTEX TURBO WASTE

Our shower waste is a 90mm diameter high flow Vortex Turbo waste designed to fit all our trays.

This ensures that the water flows out at up to 30 litres per minute, making the Zamori shower waste one of the most efficient available suitable for high volume showering applications.

The waste incorporates an easy clean removeable filter to capture any hair or other objects to remove the risk of blocking. The waste is supplied with a solvent weld adaptor for different waste pipe sizes.

City Tiles & Bathrooms Superstores Cork, Limerick and Dublin

City Tiles & Bathrooms in Cork, Limerick and Dublin are recognised as Ireland's favourite places for tiles and bathroom sanitaryware. Our spacious showrooms display the best quality bathroom sanitaryware and the widest selection of tiles in Ireland.

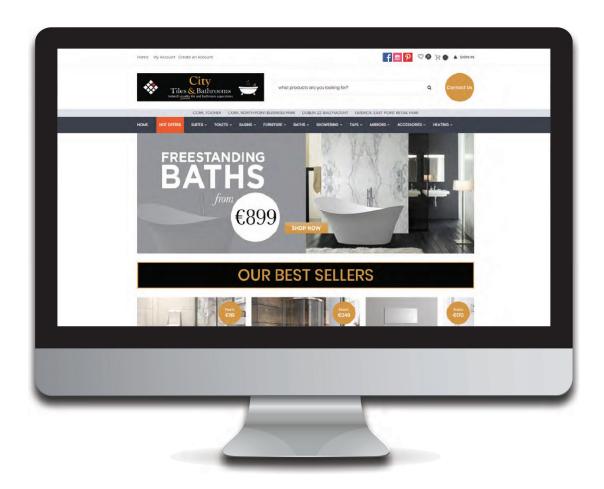

City Tiles & Bathrooms was established by Pat Roche and Michael Tyrrell who have over 50 years of tile and bathroom retailing experience between them. Our Cork, Limerick and Dublin showrooms are the largest superstore showrooms in Ireland each with over 10,000 sq. ft. in tile and bathrooms displays and over 50 bathrooms settings in each showroom. Our showrooms are located in Cork at Togher Industrial Estate, Togher and North Point Business Park, Blackpool. In Ballymount Dublin (Just behind the Red Cow Hotel) and Ballysimon Road, Limerick.

As an Irish owned and managed business, City Tiles & Bathrooms believe in the value of honesty and integrity. This philosophy is fully embodied by its staff, customers and suppliers and in every product that is sourced and supplied. Long term relationships are also valued and the combined experience of all our staff is in excess of 150 years in the bathroom and tile industry in Dublin and Cork.

Fashion, style, design and quality underlie everything that City Tiles & Bathrooms stands for. We offer the biggest selection of value and luxury to suit every budget and taste. Our main goal is to deliver the best range of bathrooms and ceramic tiles to the Cork, Limerick and Dublin areas and surrounding counties while leading the market in Ireland with new and innovative colours, textures, sizes and designs.

Our value for money promise is unrivalled across all product ranges in store and if its real value for money on top quality products you desire then City Tiles & Bathrooms Cork, Limerick and Dublin is a must visit.

Our bathroom collection has something to suit everyone's style and budget.
